CARDING LEVEL CRITERIA

The Athlete Assistance Program qualification criteria are as follows:

1. INTERNATIONAL SENIOR CARDING CRITERIA (SR1/SR2)

Sport Canada establishes the international criteria used to award the SR1 and SR2 cards. These criteria are

based on results in Olympic events at the World Championships and at the Olympic Games.

Athletes must meet the following criteria to be eligible for SR1/SR2 cards:

- Finish in the top 8 and in top ½ of the field in an Olympic event at World Freestyle Ski Championships and Olympic Games
- A maximum of 3 entries per nation will count toward this result.

Athletes who meet the international criteria are eligible to be nominated for two consecutive years; the card for the first year is referred to as an SR1 card, while the second-year card is known as an SR2. The second year of carding is contingent on the athlete being re-nominated by ACA and maintaining a training and competitive program approved by ACA.

Notes:

- 1) The next opportunity to qualify for a SR1 Card will be at the 2017 World Championships.

2. SENIOR NATIONAL CARDING CRITERIA (SR/C1)

The criteria for Senior national cards has been designed to identify athletes with the potential to achieve the international criteria. Athletes nominated for Senior cards for the first time are awarded C1 cards.

CSCT's athletes must meet the one of following criteria to be eligible for SR/C1:

Priority 1 – CSCT “A” Team selected athletes

- Athletes will be ranked according to the 2017/18 CSCT Selection

Priority 2 – CSCT “B” Team selected athletes

- Athletes will be ranked according to the 2017/18 CSCT Selection

Priority 3 – CSCT “C” Team selected athletes

- Up to 2 male and 2 female athletes ranked according to the 2017/18 CSCT Selection may be nominated for Senior National Carding based on the expert opinion of the CSCT Leadership group. To be eligible the athlete must demonstrate greatest potential to be selected to the “B” team in the short term.

The carding criteria starts the first year an athlete becomes carded at the Senior level, i.e. C1. The following progression then applies to each successive year for the athlete to remain eligible for carding support at the SR levels (SR1, SR2, SR and C1).

SR/C1 Progression:

Men & Women:

Year 5	250 FIS Points
Year 4	225 FIS Points
Year 3	200 FIS Points
Year 2	175 FIS Points
Year 1 (C1)	150 FIS Points

Athletes that have started the Senior levels progression, and are carded at the D level or at the injury, will need to meet the progression missed to be eligible for carding the next year. Example: athlete carded C1 in 14-15 and D in 15-16 will need to meet SR criteria Year 2 to be eligible for carding support in 17-18.

Maximum number of years at Senior National Card Level

Normally, the maximum number of years an athlete may remain at the Senior National Card (SR/C1) status is five (5). Years carded at the SR injury, SR1, SR2 and when the athlete was still FIS junior age will not count toward this maximum.

In order to be nominated for carding for 6th or more years the athlete must demonstrate improvement toward International Senior Card status (SR1 and SR2) and be recommended by Alpine Canada Alpin.

3. DEVELOPMENT CARDING CRITERIA (D)

Development cards are intended to support the developmental needs of younger athletes who clearly demonstrate the potential to achieve the Senior Card international criteria but are not yet able to meet the Senior Card criteria.

Normally, a Development Card cannot be allocated to an athlete previously carded at the Senior Card level (C1, SR, SR1, SR2) for more than two years, except for an athlete carded as a senior card while still eligible to compete at the Junior international age level.

CSCT reserves the right to provide partial carding to development level athletes based on their assigned program and CSCT selection/ranking. D card priority is directly related to an athlete's commitment to the centralized program offered by CSCT.

Eligible athletes will be nominated in the following priority order:

Priority 1: CSCT "C" Team (NextGen Team) athletes meeting the following D progression.

- Athletes will be ranked according to the 2017/18 CSCT Selection

Priority 2: CSCT "D" Team (NextGen Team) athletes meeting the following D progression.

- Athletes will be ranked according to the 2017/18 CSCT Selection

Priority 3: Regional Development program athletes meeting the following D progression.

- Athletes will be ranked according to the 2017/18 CSCT Selection

The carding criteria starts with the first year an athlete becomes carded at the D level. The following progression then applies to each successive year for the athlete to remain eligible for carding support at the D level.

D Progression:

Men & Women:

Year 3	125 FIS Points
Year 2	100 FIS Points
Year 1	75 FIS Points

Maximum number of years at Development level

Normally, the maximum number of years an athlete may remain at the Development Card (D) status is three (3). Years carded at the D injury will not count toward this maximum.

In order to be carded for more years the athlete must demonstrate improvement toward Senior Card status and be recommended by Alpine Canada Alpin.

INJURY STATUS

A carded athlete who at the end of the carding cycle has not achieved the standard required for the renewal of carding status because of strictly health related reasons may be considered for re-nomination for the upcoming year provided the athlete meet the requirements set out by Sport Canada's "Failure to Meet Renewal Criteria for Health-related" AAP policy (section 9.1.3)
<http://canada.pch.gc.ca/eng/1414514343755/1414514385181>

For exceptions to the SR, C1, and D card criteria made on the basis of Athlete injuries, a specific criteria for the continuation of carding for future years shall be determined on a case by case basis considering details of the injury and expected recovery requirements.

When an athlete is carded on an injury provision in any given year, that year is not counted as a year for AAP qualification criteria toward the national senior card priority 2 criteria or development criteria. An athlete who receives injury status in year two (2) of the carding will be eligible for carding under the national senior card priority 2 criteria in year three based on year two criteria.
