Athletes will be informed of any changes to the quota and the anticipated impact of those changes.

CARDING LEVEL CRITERIA

The Athlete Assistance Program qualification criteria are as follows:

1. INTERNATIONAL SENIOR CARDING CRITERIA (SR1/SR2)

Sport Canada establishes the international criteria used to award the SR1 and SR2 cards. These criteria are based on results in Olympic events at the World Championships and at the Olympic Games.

Athletes must meet the following criteria to be eligible for SR1/SR2 cards:

- Finish in the top 8 and in top ½ of the field in an Olympic event at World Freestyle Ski Championships and Olympic Games, counting a maximum of 3 entries per nation.

Athletes who meet the international criteria are eligible to be nominated for two consecutive years; the card for the first year is referred to as an SR1 card, while the second-year card is known as an SR2. The second year of carding is contingent on the athlete being re-nominated by ACA and maintaining a training and competitive program approved by ACA.

Notes:

- 1) The next opportunity to qualify for a SR1 Card will be at the 2023 World Championships in Bakuriani, GEO.

2. SENIOR NATIONAL CARDING CRITERIA (SR)

The criteria for Senior national cards has been designed to identify athletes with the potential to achieve the international criteria.

CSCT's athletes must meet the one of following criteria to be eligible for SR Carding:

Priority 1 – CSCT “A” Team selected athletes

- Athletes will be ranked according to the 2023/24 CSCT Selection

Priority 2 – CSCT “B” Team selected athletes

- Athletes will be ranked according to the 2023/24 CSCT Selection

Maximum number of years at Senior National Card Level

Normally, the maximum number of years an athlete may remain at the Senior National Card (SR) status is five (5). Years carded at the SR injury, SR1, SR2 and when the athlete was still FIS junior age will not count toward this maximum.

In order to be nominated for carding for 6 or more years the athlete must demonstrate progression toward International Senior Card status (SR1 and SR2) and be recommended by Alpine Canada Alpin. Proof of progression will be determined by CSCT Leadership and assessment of athlete's on-snow results, fitness testing and subjective evaluation of the athlete's commitment to reaching International Senior Card status.

3. DEVELOPMENT CARDING CRITERIA (D)

Development cards are intended to support the developmental needs of younger athletes who clearly demonstrate the potential to achieve the Senior Card international criteria but are not yet able to meet the Senior Card criteria.

Normally, a Development Card cannot be allocated to an athlete previously carded at the Senior Card level (SR, SR1, SR2) for more than two years, except for an athlete carded as a senior card while still eligible to compete at the Junior international age level.

CSCT reserves the right to provide partial carding to development level athletes, with the number of months of carding directly related to an athlete's commitment to pursuing post secondary education while competing.

Eligible athletes will be nominated in the following priority order:

Priority 1: CSCT “Next Gen Training Group” selected athletes

- Athletes will be ranked according to the 2023/24 CSCT Selection, Spring Evaluation Camp, ACA Fitness Combine and December 2023 and/or January 2024 NorAm Ski Cross events.

Priority 2: Regional Development program athletes as identified by CSCT Leadership.

- Athletes will be ranked according to the FIS SX points and NorAM Cup standings (if applicable), as well as the expert evaluation of CSCT Leadership regarding the athletes potential to meet CSCT team status.

D card nominations will typically be submitted to Sport Canada AAP office following summer training camps, ACA Fitness Combine and December 2023 and/or January 2024 NorAm results.

Maximum number of years at Development level

Normally, the maximum number of years an athlete may remain at the Development Card (D) status is five (5). Years carded at D injury will be taken into consideration during this 5 years period.

In order to be carded for more years the athlete must demonstrate progression toward Senior Card status and be recommended by Alpine Canada Alpin. Progression will be determined by athlete's on-snow results, fitness testing and ARS/PRC scores each year carded on D card and the expert opinion of CSCT leadership.

INJURY STATUS

INJURY STATUS A carded athlete who at the end of the carding cycle has not achieved the standard required for the renewal of carding status because of strictly health related reasons may be considered for re-nomination for the upcoming year provided the athlete meet the requirements set out by Sport Canada's "Failure to Meet Renewal Criteria for Health-related" AAP policy (section 9.1.3)

[AAP Policies and Procedures - 2020 EN 15.12.2020-FINAL \(canada.ca\)](#)

For the purpose of creating a priority listing of candidates meeting the criteria, athletes will be ranked based on their lowest FIS points from the annual FIS list May 2 nd, 2023 list.

For exceptions to the SR, and D card criteria made based on Athlete injuries, a specific criterion for the continuation of carding for future years shall be determined on a case by case basis considering details of the injury and expected recovery requirements.

When an athlete is carded on an injury provision in any given year, that year is not counted as a year for AAP qualification criteria toward the national senior card priority 2 criteria or development criteria.

APPEALS

Appeals of Alpine Canada Alpin's AAP nomination/re-nomination decision or of an Alpine Canada Alpin's recommendation to withdraw carding may be pursued only through the Alpine Canada Alpin's review process, which includes an application to the Sport Dispute Resolution Centre of Canada (SDRCC). Appeals of AAP Decision made under Section 6 (Application for and Approval of Cards or Section 11 (Withdrawal of Carding Status) may be pursued through Section 13 of the AAP Policies, Procedures and Guidelines.
