

PROGRAM MANAGER/C-TEAM COACH

UNIVERSITY OF CALGARY DINOS SKI TEAM

Alberta Alpine Ski Association

With an expanded provincial program, including a focused NorAm Training Group, High-Performance FIS Training Group, Ski Cross Training Group, and an overlay allowing athletes in any training group who will compete on the new University of Calgary Dinos Ski Team, Alberta Alpine is hiring a **PROGRAM MANAGER/C-TEAM COACH** for the Dinos alpine team.

These individuals will work collaboratively together, and with the President, Provincial Program Director, and Alberta Alpine Coaches to lead the C-Team programming for athletes competing for the University of Calgary Dinos Ski Team. This individual will integrate where possible with the Alberta Alpine provincial system, delivering a flexible, athlete-focused ski racing program that will accommodate athletes of varying focus and current athletic ability to build an inclusive, supportive system.

This is an incredible opportunity to be one of the leaders re-shaping ski racing in Alberta, helping our system provide the highest calibre of support (athletically, academically, personally) and opportunity for athletes.

Pending athlete registration into the Alberta Competitive Ski Racing System, the proposed organizational structure is outlined below. The number of assistant coaches will be based upon an athlete-to-coach ratio determined by the management of Alberta Alpine, and could increase beyond what is shown.

Alberta Provincial Training Groups Coaching Matrix

- Applicants should possess:
 - Experience coaching at a high-performance level (FIS) and have knowledge and experience navigating the Western Canadian FIS circuit.
 - A passion to help build a high-performance team that promotes athletic excellence, flexibility, and support.
 - Experience developing and maintaining team budgets.
 - A willingness to work closely with the President, Provincial Program Director, Board of Directors - University of Calgary Alpine Ski Team, and High-Performance Committee to execute on collective vision for program success.
 - Development Level or Performance Level Certification (in good standing) with Alpine Canada Alpin Coach Education and/or USSA.
 - An open and collaborative approach to coaching, utilizing all connections and opportunities for athlete movement and advancement.
 - A desire to accommodate programming for student athletes and lead the integration of this team with the Department of Athletics, as well as the execution of a dry-land program, and guidance navigating academic support and scheduling services.
 - Excellent communication skills with athletes, parents, other coaches within Alberta.

In addition to the above-mentioned characteristics and experience, applicants will be expected to manage all aspects of a ski team, including, but not necessarily limited to: equipment management, logistics planning, parent orientation and communication, race entries, licensing, injury and return-to-snow management.

The Board of Directors - University of Alpine Calgary Ski Team, and Alberta Alpine are offering this opportunity to become a leader within our this new and exciting program

What Alberta Alpine can offer you:

- Access to excellent benefits package
- Competitive salaries and flexible contract options
- CWSAA Pass
- Professional development allowance
- Flexible work environment, specifically in the off-season
- Ability to work remotely

Anticipated start date: **August 1, 2020**

Please submit resume and cover letter to Rob McCloskey: rob@albertaalpine.ca.
