

## **Alpine Canada Alpin COVID-19 Vaccination Policy - Event Attendance & Participation**

### **1. POLICY**

Alpine Canada Alpin (“**ACA**”) is committed to taking every reasonable precaution in the circumstances for the protection of the health and safety of employees, athletes, and all stakeholders from the hazard of COVID-19. The objective of this Policy is to provide a healthy and safe environment for employees, contractors, coaches, athletes, support staff, officials, volunteers and other participants, and safeguard the broader communities in which they operate. This Policy is intended to encourage, support, and maximize COVID-19 Vaccination rates and safety at ACA events as one of the critical preventatives and control measures for the hazard of COVID-19. ACA is also committed to compliance with all applicable public and occupational health and safety, human rights, privacy, and other laws in the development and implementation of this Policy.

### **2. SCOPE AND APPLICABILITY**

This Policy applies to all participants in **International and National Events sanctioned, organized or hosted by ACA**, including but not limited to employees, athletes, coaches, support staff, officials, volunteers, and other participants.

### **3. DEFINITIONS**

“**COVID-19**” is the infectious disease caused by SARS-CoV-2.

“**ACA Activities**” means all activities related to ACA’s operations, whether conducted on or off ACA Premises, including international and national events and travel.

“**ACA Premises**” includes, but is not restricted to, all land, property, structures, installations, vehicles or equipment owned, leased, rented, operated, used, or otherwise controlled by ACA for the purpose of conducting ACA Activities. It does not include a Participant’s personal residence.

“**Participants**” includes all athletes, coaches, support staff, officials, parents, guardians, volunteers and any attendees that attend ACA Activities.

“**Proof of Vaccination**” refers to government issued documentation demonstrating that an individual has been Vaccinated along with government issued photo identification that matches the individual.

“**Vaccine(s)**” refers to a vaccine approved by Health Canada for use in Canada in relation to COVID-19.

“**Vaccination**” refers to the administration of a Vaccine(s) to protect individuals from COVID-19. It may include the administration of one or more doses of Vaccine.

“**Vaccinated**” refers to an individual who has received all doses of a Vaccine, recommended or required by Health Canada, to produce an immune response to COVID-19.

#### **4. VACCINATION**

Health Canada, the federal and provincial governments, the Public Health Agency of Canada, regional public health authorities, the Canadian Medical Association have all endorsed voluntary COVID-19 Vaccination for all adults who may safely receive a Vaccine.

**ACA requires that all Participants be Vaccinated at least 14-days prior to engaging in ACA Activities or entering ACA Premises.** Participants must provide proof of Vaccination prior to entering ACA Premises or participating in ACA Activities.

Participants who are not Vaccinated or do not provide adequate Proof of Vaccination may be barred from entry or use of ACA Premises and participation in ACA Activities.

#### **5. CONTINUED APPLICATION OF HEALTH AND SAFETY MEASURES**

Nothing in this Policy relieves Participants, even those who are Vaccinated, from their obligation to comply with applicable health and safety measures required or recommended by the provincial public health authorities and related ACA policies in effect to reduce the spread of COVID-19.

Furthermore, when travelling to other countries, Participants are required to follow the laws, recommended guidelines and protocols issued by local government, while out of country. At minimum, when Participants are travelling to other countries with ACA, the Participants are required to comply with applicable health and safety measures required or recommended by Canadian provincial public health authorities and related ACA policies in effect to reduce the spread of COVID-19.
